A Little History: Sun Valley Ski Club was established in 1936 and has supported local and international racing since February of 1937. In 1967 The Sun Valley Ski Education Foundation was created with the help of SVSC for young racers. The Club supported the men and women traveling teams throughout the US and Europe. Sun Valley Ski Club is committed to community racing and supports many avenues including SVSEF. The SVSC appreciates all donations and looks forward to another year of mountain life.

Thank you for your membership commitment and donations to the SVSC.
